

About Us

Our Vision: God called and we responded until physical and spiritual hungers ended worldwide,

Today more than 800 million people suffer from hunger and malnutrition in the world. The majority are children. fhsuisse is a Christian inspired development association whose goal is to help people who suffer from hunger and poverty.

Our mission: To walk with churches, leaders and families in overcoming all forms of human poverty by living in healthy relationship with God and His creation

Our vision of development is focused on the community. We're working on the transformation of communities, so that they may achieve their utmost potential. Our objectives are as follows:

- That churches become more effective in meeting the needs of their members.
- That leaders are increasingly engaged in the struggle for resolution of community problems and in the progressive development of its potential.
- That family members better meet the needs of one another.

The work of fhsuisse.

fhsuisse is a Swiss association founded in 1996 and based in Geneva. It has a forty contributing members and hundreds of supporters and donors. The journal of the association is sent to approximately 2,000 people. fhsuisse enjoys the label AES (what does acronym mean - should give whole name in brackets), which guarantees principles of good governance and transparency in the use of funds. fhsuisse is a partner of Food for the Hungry (FH). This partnership ensures the quality of projects in which fhsuisse is engaged. Indeed, in countries where fhsuisse development professionals intervene, FH assist communities in a participatory approach in order to implement specific projects. FH workers and fhsuisse accountability monitoring help ensure that remittances for the projects are well used and that the project is achieving its objectives. Measuring indicators of success also helps to ensure the positive impact of the project for community. fhsuisse works with churches and local authorities (of agriculture, health and education) to meet development project program goals in countries where we operate. We are also working with international institutions or UN agencies whenever possible (in particular WFP, FAO and UNICEF). Fhsuisse is part of the Geneva Federation for Cooperation (FGC).

Our programmes

The network of organizations composing FH work in thirty countries throughout Asia, Africa and Latin America. fhsuisse supports projects, evaluates and visit its partners in specific targeted countries; these being Cambodia, Burundi, Rwanda, Uganda, Ethiopia and Guatemala. In these countries, programmes that we support are in the following areas:

- Agricultural Development (production support and training)
- Income-generating activities and micro-enterprises (small livestock, processing agricultural products, sewing, etc.).
- Education (primary, secondary and continuing education)
- Health and sanitation (basic hygienic care in sparsely served areas, drinking water)
- Rehabilitation centres for peace and reconciliation
- Teaching about the biblical vision of the world and transformational development of the individual and the community
